Public Trust and State's Best Interests Analysis:

On May 10, 2007, the Commission authorized a Recreational Pier Lease for an existing pier, boat hoist, and two mooring buoys to Kenneth R. Wood ([Calendar Item C22, May 10, 2007](#)). That lease expires on May 9, 2017. On October 9, 2013, ownership of the upland parcel was deeded to Kenneth R. Wood, Trustee of the Kenneth R. Wood 2013 Revocable Trust dated August 8, 2013. The Applicant is now applying for a General Lease – Recreational Use for the continued use and maintenance of the existing pier, boat hoist, and two mooring buoys.

The improvements facilitate recreational boating. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust land (Pub. Resources Code, § 6503.5).

The pier, boat hoist, and mooring buoys have been in Lake Tahoe for many years at this location. The pier is built on pilings with the immediate area of the pier being slightly sloped with sand and gravel. The topography and the location of upland structures provide access for the pier and allows the public to walk or navigate under the pier within the Public Trust easement. The two buoys are located directly lakeward of the upland property and occupy a relatively small area of the lake. On August 17, 1981, the Tahoe Regional Planning Agency (TRPA) issued a permit for the installation of the two mooring buoys adjacent to the upland parcel. The Applicant's TRPA permit is currently valid.

The proposed lease does not alienate the State's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term, does not grant the lessee exclusive rights to the lease premises, and reserves an easement to the public for Public Trust-consistent uses. Upon termination of the lease, the lessee may be required to remove all improvements from State land.

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the occupation of the public land involved. For all the reasons above, Commission staff believes the issuance of this lease is consistent with the common law Public Trust Doctrine and in the best interests of the State.
